

Winter hiking trails & tobogganing tracks

Alpendorf-Höhenpromenade

Starting point is in the Alpendorf. You pass the "Dorfhof Tannenhof" at the right side. There starts the trail which leads through wood to the farm "Grubhof". Enjoy the beautiful view over the Salzach valley. From "Grubhof" you can continue your walk to the center of town along the road. Back to the Alpendorf you can walk along the same trail or you can also take the bus (you receive the timetable at the post office or at the tourist information).

Walking time: approx. 1 hour

Alpengasthof Sternhof

You start this walk directly in Alpendorf, which is a part of St. Johann, situated 4 km outside of the center in direction to the valley of Großarl. You can park your car for free at the parking lot of the cable-car. First you walk through the Alpendorf, passing the hotels, then you walk up along the road until you reach your destination "Gasthof Sternhof". The higher you walk along this road, the less traffic you encounter, that is the reason why it is also ideal for a relaxing winter hike with delightful view over the Salzach valley. "Sternhof" is opened daily in winter and can also be reached by car. The way back goes at the same way until your starting point in Alpendorf.

Walking time: approx. 1 ½ hours

Salzachpromenade

For a walk as long or as short as you want this promenade is especially suitable. You can go for a nice walk along the banks of the river Salzach. How long and how far you walk, you can decide yourself as the mood takes you. The way is very flat and so it is also not strenuous.

Walking time: as you like it

Walking path & tobogganing track Alpenhof-Stadl

Starting point of this small walk is also the Alpendorf. You pass the first hotels and after "Sporthotel Pichler" you turn to the right, to the restaurant "Oberforsthofalm". You pass it at the right side, follow the way to "Hotel Alpenhof" and continue to "Alpenhof-Stadl". This trail is also used for tobogganing, which is with floodlight in the evening. The use of it is free. Toboggans can be rent in the sport shops.

Walking time: approx. 25 minutes

Stadt- and Adelsbergerpromenade

With this small walk you can connect the „Untermarkt“ with the center of town. From "Landgasthof Brückenwirt" or "Gasthof Lechner" you follow the well maintained path which leads through wood to the center of town.

Walking time approx. 10 to 15 minutes

Stefflmoos circuit

This hiking tour starts in the center of town. You walk along the "Salzburger Straße" in direction to "Knoten Nord" (have a look at the city map!). After a small chapel on the right hand side you take the "Stefflmoosstraße", which branches up to the right. You continue on this street via "Pension Talblick" to the farm "Zacherlegg". From "Zacherlegg" the way continues straight across the ski slopes of the Hahnbaum lifts (chair lift and T-bar lift) to the farm "Großunterberg", where the way down starts. You walk along the road passing at the "Hetzenbichl Inn" (opened daily in winter) and in direction to "Pension Sonne". By following the big stairs (approx. 200 steps) you come back to the starting point in the center of town.
